

PORTABLE BLOWER DUCT

MULTIPURPOSE PORTABLE VENTILATION SOLUTION FOR GENERAL AIR MOVEMENT.

Norseman's Portable Blower Duct is a versatile piece of gear for general-purpose air movement. It can help bring fresh air underground, into enclosed spaces or out of large areas. The duct can be used in both supply and return positions, allowing for dual-direction airflow. Keep this duct conveniently on hand with its integrated storage sack and carry straps, which keep it compressed and easy to store or transport.

Our Portable Blower Duct is made with Polyvinyl Chloride (PVC) fabric that can withstand the most rugged environments and is resistant to mold, moisture and mildew.

SPECIFICATIONS:

- Made with fire-retardant (FR) PVC fabric; water repellent and mold/mildew resistant.
- Standard colors: Yellow with black wear strip.
- Wire helix provides a strong structure, ensuring consistent airflow.
- Built-in compression straps and carry bag allow for quick transport and easy, compact storage.
- Passes FR testing to NFPA 701 and CAN/ULC-S109 standards.

In stock, ready to ship from one of our distribution locations.
Norseman's Portable Blower Duct is **GEAR2PERFORM**.
